## **Exclusion Protocol - Valley Road School**

### **UNVACCINATED PROTOCOL:**

\*Individuals exposed to a positive case will not be required to quarantine unless symptoms are present. If symptoms develop within 5 days following a Covid-19 exposure, a negative covid test will be required to return to school.

\*Students who test positive for Covid-19 will need to be isolated for 10 days.

### **FULLY VACCINATED PROTOCOL (without a booster received when eligible):**

\*Individuals exposed to a positive case will not be required to quarantine unless symptoms are present. If symptoms develop within 5 days following a Covid-19 exposure, a negative covid test will be required to return to school.

\*Students who test positive for Covid-19 will need to be isolated for 10 days.

### **FULLY VACCINATED PROTOCOL (with a booster received when eligible):**

\*Individuals are considered “up to date” after having received their primary series of the Covid-19 vaccine as well as a booster when eligible.

\*Individuals exposed to a positive case will not be required to quarantine unless symptoms are present. If symptoms develop within 5 days following a Covid-19 exposure, a negative covid test will be required to return to school.

\*Students who test positive for Covid-19 will need to be isolated for 10 days.

### **ADDITIONAL INFORMATION:**

\*Individuals who have tested positive for Covid-19 within the previous 90 days, regardless of vaccination status, will not need to quarantine or isolate if exposed to someone with Covid-19 symptoms.

\*Home tests are an acceptable form of testing as long as the health office receives a picture of the test with the student’s name, date of birth, time and date the test was collected.

**IF YOU HAVE HAD A COVID TEST, DO NOT RETURN TO SCHOOL UNTIL YOU ARE PROVIDED WITH THE RESULT**
