VALLEY ROAD SCHOOL MISSION STATEMENT

Stanhope School District will provide a diverse and challenging educational environment that encourages individual initiatives, fosters success through teamwork, promotes accountability, and demonstrates a passion for educational excellence.

The Stanhope School District is committed to the development of our Students and Staff, so that individual aspirations can be achieved throughout their lifetime.

PHILOSOPHY

The Valley Road School community believes in creating and fostering a learning climate that ensures the health, safety, and welfare of all of its members. To that end, we strive to assist students in learning sound decision-making skills and in developing a sense of responsibility for their attitudes and actions. It is expected that students will assume their roles in meeting behavior and attendance expectations with the support of parents, school personnel, and peers. This code is a collaborative product among District staff, parents, and other community members. It is a framework of how we expect students at Valley Road School to succeed, along with standards of behavior and consequences of misconduct.

A Message from the Principal...

This Student-Parent/Code of Conduct handbook is designed to provide a reference to our procedures, policies and activities here at Valley Road School. The information provided in this handbook will assist you in understanding the guidelines which we follow to best serve all of the students and families of our school.

Our educational philosophy is to educate the whole child, providing an environment which is positive and nurturing, supporting academic and social and emotional successes. We believe that all students have an innate desire to learn and our staff works diligently to provide a rigorous environment of opportunity that continually contributes to the growth of every young learner.

Please review this Code of Conduct handbook with your child to ensure a successful school year. I am looking forward to a great year! If you have any questions or concerns, please contact me at 973-347-0008.

Thank you,

Alicia L. Finklea-DiCataldo, M.Ed., C.L.S.

ARRIVAL AND DISMISSAL

Students may arrive at school between 7:45 a.m. - 8:00 a.m. Students will be permitted to directly attend their homeroom class during this time. All students should arrive through the main entrance of the building. Once the 8:00 a.m. arrival bell rings students who enter the building are considered late and will need to obtain a tardy pass from the main office. Students are expected to be on time each day.

Students may dismiss the school at 2:35 p.m. following the dismissal bell. Kindergarten and first grade will dismiss through the kindergarten classroom doors. Second through fifth grade will dismiss through the front entrance and middle school students will dismiss from the front-side gym door (nearest to the playground).

ATTENDANCE

Students are expected to attend school every day unless they are ill or for any reason (Board Regulation 5200) that would constitute an “excused absence”, such as a religious holiday (N.J.A.C. 6A:32-8.3(h), “Take Our Children to Work Day” or other rule issued by the Commissioner, family illness or death can be supported by a written letter from the parent, or participation in observance of Veteran’s Day (N.J.S.A. 18A: 36-13.2) or district board of election membership activities (N.J.S.A. 18A: 36-33).

An “unexcused absence” that counts towards truancy is a student’s absence from school for a full or portion of the day that does not meet the time present guidelines.

Truancy means ten (10) or more cumulative unexcused absences that count towards truancy of a student between the ages of six of sixteen as determined by the Board’s Attendance Policy Regulation pursuant to N.J.A.C. 5A: 16-7.6(a)4.iii, and the definition of school day pursuant to N.J.A.C.6A:32-8.3

Students that accrue 18 or more absences before an overnight trip will not be permitted to attend. Parents will assume the responsibility of any payment that cannot be refunded. In the case of a prolonged illness or unavoidable circumstance causing a student to accrue 18 or more absences, a letter of appeal should be submitted to the building principal as soon as possible.

Students in grades 5 through 8 will be assigned an after-school detention for every 5 cumulative and documented tardies. Students who have accumulated 10 tardies or more will not be considered for perfect attendance at the end of the school year.

(revised 7/25/19 a.d.)

EMERGENCY CLOSING/DELAYED OPENING

In the event that Valley Road School should experience an emergency closing or delayed opening due to inclement weather or some other emergency, the Honeywell system will provide an automated message. This information can also be found on the district website home page. Please ensure that your student knows what to do in the event of an emergency, making sure that there is proper supervision available following dismissal.

VISITORS

Valley Road School encourages and welcomes our families and community members to visit as special guests, spectators during events and for a variety of other reasons. To ensure that our educational programs and activities remain undisturbed when visitors are present as well as ensure the safety of our students and staff we enforce strict rules for visits. The Superintendent, Principal and/or Staff have the right to prohibit the entry of any person into the building if they feel that there is proper cause. If such person is uncooperative during their removal or denial the local law enforcement agency will be contacted.

Please adhere to the following guidelines during your visit to ensure a positive experience:

- Upon arrival please stand straight in front of our camera and state your name and purpose for your visit, clearly when requested
- Enter the vestibule and report immediately to the main office window where your presence will be registered for access into the building

For school safety and security reasons, minimization of disruption to classroom routines, as well as the optimization of school nutritional values the use of outside vendors for food services is strongly discouraged.

Please be aware that electronic surveillance cameras are located around the school premises to ensure the safety and security of our school community.

PARENT INVOLVEMENT

Parents are always welcome to volunteer in our school community. The Stanhope Home and School Association (HSA) is a volunteer group committed to serving the needs of our students and community at Valley Road School. If you have any questions or would like to be a part of the organization, please contact hsa@stanhopeschools.org for more information.

LOST AND FOUND

Clothing/backpacks/lunchboxes that are lost or need to be claimed will be located in the cafeteria. Other items may be sent to the main office.

HEALTH OFFICE

The following procedures will be in effect in the nurse's office. A copy of the guidelines and standing orders are available in the health office.

Medication will be administered when **prescribed by your doctor** and brought to school in its **original** container *along with a note* from the parent or guardian. (Medication is defined as any prescription or prescribed over-the counter medication.) **A school nurse cannot dispense over-the-counter medication brought in from home unless accompanied by a doctor's written order.**

In the event of minor medical problems, Acetaminophen, Ibuprofen, Robitussin, Dimetapp, cough drops, and antacids may be dispensed providing the permission form (Over-the-Counter Medication Administration Form) has been filled out by the parent and is on file in the nurse's office. Permission for these medications is indicated on the back of the emergency contact cards that go home at the beginning of every year for each student. This form needs to be renewed by the parent at the beginning of each school year. The school physician has provided standing orders for the above medications and is on file in the Health Office.

Students are **NOT** (except under very specific circumstances) permitted to carry or dispense any type of medication. Many over-the-counter medications may seem harmless enough, yet given to the wrong person may cause a severe reaction. **PLEASE do not** allow your child to carry **ANY** medication or take any medication from another student. Should your child need to carry medication for a specific medical problem, asthma, diabetes, or bee sting allergies, please contact the nurse so that your doctor can complete the appropriate forms as soon as possible. Cough drops should not be carried by any student unless accompanied by written permission from the parent and brought to the Health Office at the beginning of the school day to be kept on file. This becomes extremely important on class trips since teachers are not permitted to carry or administer any medication.

Listed below are School Health Requirements:

(revised 7/25/19 a.d.)

- Medication **must** be delivered to the school nurse by a parent/guardian in the **ORIGINAL LABELED CONTAINER**.
- **The Medication Administration Form** must be completed and signed by the physician and the parent/guardian.
- **Self-Administration Forms** are available to those students who are trained and capable of self-administration of medication for asthma and bee sting allergies **only**. This form must be signed by parent/guardian **and** physician.
- Students returning to school following a **communicable illness** must be seen by the school nurse before returning to class. A physician's note is required for the following: **chicken pox, head lice, strep and pink eye**.
- If your child needs to take **over-the-counter medication** as suggested by your family physician, the parent/guardian must bring medication into the health office in the original package. A doctor's note is also necessary. The doctor can fax it to the main office, which is 973-347-8368. **No student may carry** even over-the-counter medication. Medication sent in to the health office in a plastic bag will not be accepted.
- **Gym excuses** are to be issued by the school nurse. To obtain an excuse you must:
1) Have a note from a parent for a one or two day excuse; 2) Must have a doctor's note for three or more days; 3.) Be left up to the discretion of the school nurse.

The following health screenings are done annually as per state guidelines: height, weight, vision, hearing, blood pressure and scoliosis.

A complete physical examination by your primary health care provider is required for school enrollment. Also, regular physical exams are strongly recommended at least once during each of the developmental stages: Early Childhood (pre K to grade 3), Pre-adolescence (grades 4-6), and Adolescence (grades 7-12). Please remember that these screenings do not take the place of a complete examination. You will be notified if there appears to be a problem. In addition to height, weight, vision and hearing, we will calculate your son/daughter Body Mass Index (BMI). The BMI indicates if a student may be overweight or underweight. Children who are overweight are more likely to become overweight adults and develop diabetes, high blood pressure, or heart disease. Children who are underweight may have other health conditions. The New School Health Guidelines under N.J.A.C.6A:16-2.2(e)3 requires that school nurses refer for further evaluation any child who is over or under weight with regards to their BMI. Information regarding BMI is available on the Centers for Disease Control and Prevention website-<http://www.cdc.gov>. All athletic physicals should be performed at the office of the student's own doctor or family physician. Athletic physicals may be given at the school for students who do not have a family physician. Athletic physical forms and medication forms are available at the nurse's office or on our website www.stanhopeschools.org. All students who participate in interscholastic sports as well as intramurals must have a current physical (within 365 days) on file in the nurse's office in order to

(revised 7/25/19 a.d.)

participate. An updated Health History Questionnaire may be required and is available on our website www.stanhopeschools.org.

Any time your child is given a booster shot, please send a copy to the health office so that it can be updated on his/her health record. As per NJ State Guidelines: All Pre-K students need to have a mandatory Influenza vaccination prior to December 31st. All Kindergarten students need to have 4 doses of the DTAP, 3 doses of IPV, 2 doses MMR, 1 dose Varicella, and 3 doses Hep B on or after their 4th birthday to attend Kindergarten. All students entering the 6th grade will need to have one dose of Tdap and one dose of Meningococcal vaccine in order to attend school by October 1st. Each child attending/enrolling must present documentation of immunizations OR valid medical or religious exemption to vaccines. More information on the required immunization schedule can be found at <https://www.state.nj.us/health/cd/documents/k12-parents.pdf>.

If you have any questions or concerns, please call Mrs. Jessica Frank, our school nurse, at 973-347-0008, ext. 4110.

(revised 7/25/19 a.d.)

SCHOOL WIDE EXPECTATIONS

All members of the school community are expected to act as positive role models.

Students are expected to:

1. Follow the directions of all staff members.
2. Demonstrate appropriate, respectful, and courteous interactions, behaviors, and language at all times and in all areas of the school building, school grounds, and during all school-sponsored activities both on and off campus.
3. Demonstrate respect for self, peers, staff, and others included within our school community, in addition to their property and space.
- 4 Use peaceful and reasonable means to resolve disputes.
5. Follow established school-wide expectations and classroom procedures, routines, and guidelines.
6. Demonstrate academic integrity by not cheating or plagiarizing.
7. Conform to reasonable standards of socially acceptable behavior and respect the diversity of our school community.
8. Promote and support a safe and orderly learning environment.
9. Attend school on a regular basis, when well-enough to do so, arrive on time and prepared to be a student.

#WeAreVRS

PBIS

POSITIVE BEHAVIOR INTERVENTION SUPPORT (PBIS)

Schoolwide expectations will be reinforced through a school-wide matrix supporting a #WeAreVRS positive behavior intervention system.

Goal for Use: *to continue to build a positive climate at Valley Road School by consistently implementing a school-wide system (all adults, all students, all school environments and activities) for recognizing and reinforcing when students are meeting VRS behavior expectations.*

Brief Overview: Positive reinforcement of students who successfully meet the predetermined expectations of school-wide behavior, set forth by Valley Road School. Students will be acknowledged for meeting **VRS (Values, Respect and Service)** behavioral expectations through both verbal praise and tangible rewards/incentives.

VRS Recognition System Specifics: #WeAreVRS Tickets

VRS Tickets are another way of saying “thank you” to our students for making good behavioral decisions. Whether it’s a small behavior (e.g., holding the door for someone) or a big behavior (e.g., helping a friend who is being bullied), VRS Tickets may be given to a student in addition to verbal praise to reinforce the kinds of behaviors we expect to see from our students.

To support students in their development of character and responsibility to self and community, the district will recognize students as follows:

Students will be provided with tickets that can be banked to use for purchase of monthly activities/events and/or raffle tickets, just as modern currency is utilized. For our older students, we also believe that it is important for them to understand that just as exhibiting positive, VRS behaviors carries positive consequences, that *not* meeting VRS expectations and violating school rules leads to non-preferred consequences.

So each month only those students who have earned zero (or less than 2) discipline referrals are eligible to enter the raffle. If a student has earned more than 2 discipline referrals for misbehavior, they will not be eligible to use them that month and will need to save them to use during a subsequent month.

VRS School-Wide Celebration of Success: At the end of the school year, we will hold an end of year celebration during which VSR ticket totals earned during the year will be celebrated. Prizes will also be raffled off at the end of the school year based on school attendance.

(revised 7/25/19 a.d.)

DISCIPLINE

Discipline is a shared responsibility of teachers, administrators, students and parents. Each teacher has their own classroom rules and discipline plan which will be reviewed with students during their first week of school, presented to parents at “Back to School” night and posted within the classroom. This plan should be clearly understood by parents and students alike. Copies will be sent home with the students at the parent's request. The classroom teacher generally deals with disciplinary concerns within the classroom.

Repeated or serious classroom misbehavior, or misbehavior occurring outside the classroom, may be brought to the administration for disposition. Repeated or serious misbehavior may be addressed through the main office detention process, lunch period detentions and restorative practices, in-school suspension, or out of school suspension, dependent upon the frequency, severity, and special circumstances of each incident. Students disciplined for harassment, intimidation, bullying, defiance or fighting may not be eligible to participate in school-sponsored activities including but not limited to class trips, field day and the promotion ceremony.

DISCIPLINE TYPES

Detention

The individual teacher or administration may assign detentions. Parents will receive notification by personal phone call or email when a detention has been assigned. Lunch detention will only be assigned for infractions which disobey the code of conduct. After School detention is from 2:35 p.m.- 3:30 p.m. Students are to be on time, have reading material or homework to complete during this time.

Suspension Types: In-School/Out-Of-School (assigned by administrator)

This action involves a suspension from the normal schedule of school for a duration of time. Students have the responsibility to make up all work missed during the suspension. A parent conference may be required with the principal before the student can be reinstated in school. Any student suspended from school may not attend or participate in any school activity until reinstated, and may not appear on school grounds during the time of suspension without prior administrative permission.

In-school suspension will be used for serious violations of school rules or accumulations of several minor offenses. Students that are assigned an in-school suspension will be removed from their daily classes and will be supervised by a staff member or substitute teacher for the entire school day. Students will be expected to complete all assigned work with the support of the staff member assigned to ISS duty, whenever possible. Students may not participate in or attend after-school activities on the day(s) of their suspension. Restorative practice assignment(s) may be given by the administration.

Out-of-school suspension will be used for serious violations of school rules that jeopardize the safety of others, significantly impact the orderly operation of school, or significantly impact the

(revised 7/25/19 a.d.)

emotional well-being of others (such as sexual harassment or a violation of the district's HIB policy). Students suspended from school are permitted the opportunity to make up assignments or tests missed while suspended from school. A reasonable amount of time for make-up work will be provided. Students are expected to complete all assignments provided by their teachers during their suspension. Students suspended from school may not participate in or attend school activities, nor may they be on school property during the time of suspension. Students and their parents will be required to attend a re-entry conference before the student is permitted to return to school. Restorative practice assignment(s) may be given by the administration.

Expulsion: Expulsion of students from schools exists as a last resort in the student disciplinary process. Copies of board policy and procedures pertaining to this action may be obtained from the Board of Education secretary. Parents and students facing this action will be fully informed as to the procedure and their due process rights.

Due Process:

In all areas of discipline, students are afforded the rights of due process. Students must be informed of the behavior for which they are being punished and be advised of the rule that has been abused. However, social events and class trips may be denied to any pupil without the due process of notice and an opportunity to be heard. A pupil who demonstrates disregard for school rules may summarily be denied participation in social events and class trips.

Police in School:

Police may enter the school if asked by school officials, if they suspect a crime has been committed, or have a warrant to search or arrest. If a student who is suspected of committing a crime is questioned by the police, school authorities must see that all questioning takes place privately, in the presence of an administrator and a parent must also be present at the questioning. A student is not required to answer any questions other than those concerning one's name, age, address, or business in the school until a parent or lawyer is present. A student has the right to be informed of his/her legal rights, to be protected from unnecessary force, and to remain silent, just as one would if one were out of school. Any student in grades 4-8 who is questioned as a witness and is not suspected of committing a crime may be questioned by police without a parent present provided that such questioning take place privately and in the presence of an administrator. Students in K-3 may only be questioned if a parent is present.

CODE OF CONDUCT

Breaking the Code of Conduct:

When students exhibit unacceptable behavior or when they make poor decisions, it becomes necessary for them to accept responsibility for their actions. In some situations, the classroom teacher will address the unacceptable behavior; however, other situations are more serious in nature and require the attention of an administrator. Administrative consequences may take many forms. Both the student and circumstances will be considered when determining the most effective and appropriate course of action. Administrators will use their professional judgment in each situation and will make every effort to treat each student fairly and consistently.

An administrator has the right to impose a consequence on a pupil for conduct away from school grounds pursuant to N.J.A.C. 6A:16-7.6. This authority shall be exercised only when it is reasonably necessary for the pupil's physical or emotional safety, security, and well-being or for reasons relating to the safety, security, and well-being of other pupils, staff, or school grounds, pursuant to N.J.S.A. 18A:25-2 and 18A:37-2 or when the conduct which is the subject of the proposed consequence materially and substantially interferes with the requirements of appropriate discipline in the operation of the school.

Types of Remediation/Consequences:

Behavioral Contracts, Administrative Warning (Admonishment), Removal from class, Parental Contact, Restorative Justice Assignment, Conflict Resolution, Referral to Guidance/Counseling/Special Services, Detention, Restitution/Restoration, Suspension (In/Out) Loss of building privileges and/or extra-curricular activities, Police Notification and/or Expulsion

Academic Dishonesty:

Cheating is a violation of academic integrity. Cheating is taking credit for any work that is not one's own and violates teacher guidelines for the production of assignments. Students who cheat, including those who help others cheat will receive no credit for the activities in question. Teachers WILL require the student to make up work for educational purposes even though the student does not receive credit. Teachers will notify administration after a student is found to be cheating or plagiarizing. Parents or guardians will be contacted by the teacher. The student will receive two after school detentions. Suspension from sports and/or extracurricular activities will occur for two weeks following. When students are found to be cheating, the overall goal is to help them understand why their actions are considered "cheating" and help them develop strategies to prevent future instances of cheating.

Overnight Trips

Students that accrue 18 or more absences before an overnight trip will not be permitted to attend. In the case of a prolonged illness or unavoidable circumstance causing a student to accrue 18 or more absences, a letter of appeal should be submitted to the building principal as soon as possible. Students with a failing final grade in any course after three marking periods

(revised 7/25/19 a.d.)

(average of the first three marking periods) will not be permitted to attend an overnight trip. When students are removed from an overnight trip due to any of the reasons listed above, parents will assume the responsibility of any payment that cannot be refunded.

Electronic Devices:

The use of personal electronic devices is not permitted in school. Although strongly discouraged, if cell phones and music players are brought into the building, they must be turned off and kept out of sight in your homeroom locker. *The school will not assume responsibility if electronic items are lost, stolen or damaged.* Students violating the rules for their use will have the items confiscated and will receive disciplinary action as stated in the discipline code. Confiscated items should be picked up by the student at the end of the school day. Parents will be contacted and notified each time an electronic device has been confiscated.

Dress Code:

Appropriate choice of clothing and good grooming are expected. School attire should reflect a studious and academic character that aligns with the expectations of our school standards, promoting a sound educational atmosphere. Clothing that disrupts or inhibits education or endangers the safety of the individual or the safety and/or comfort level of others is not permitted. The types of clothing listed below are considered not proper for school and will not be permitted in school.

- Outdoor clothing (hats, coats, gloves, heavy jackets, etc.) unless climatic conditions warrant exceptions
- Shirts must have sleeves or shoulder straps at least 2 inches in width, and cover all undergarments.
- Clothing/Shoes that are designed especially for highly physical or out-of-school activities (leotards, cleats, headbands, bandanas, swimwear, pajamas, etc.) unless required for an activity
- Bare feet, unsafe footwear, cleated shoes, footwear with open toes or open back (including Crocs), and footwear intended for the beach (flip-flops)
- See-through clothing without under-garments or clothing that obviously displays undergarment
- Clothing that exposes any part of the midriff, is inappropriately revealing, or exposes any undergarments.
- Clothing with obscene, insulting or derogatory slogans, symbols, or illustrations
- Apparel that draws attention to illegal substances, violence, and weapons
- Accessories with chains, spikes or protruding studs
- Any apparel or item which interferes with the identification of a student, i.e., sunglasses, hoods, etc.
- Gang affiliated apparel, colors, or accessories
- Clothing that is likely to create a material and substantial disruption to the school environment

(revised 7/25/19 a.d.)

Students that are thought to be in violation of the dress code will be sent to the main office. Multiple staff members (when possible) will review the potential violation and make appropriate suggestions. This can include asking the student to change into their gym clothes and/or contacting parents/guardians. When a student does not have appropriate clothes to change into and the parent/guardian is not available, the school will provide a change of clothes when possible.

Unacceptable Behaviors:

Listed below are examples of unacceptable behavior for which school staff are expected to take preventative and/or corrective action. Repeated violations or a pattern of inappropriate conduct will result in greater consequences. Behavior contracts, restorative practice and/or referral to counseling may be requested for any student infractions during the course of the school year.

For each unacceptable (Grades 4-8) behavior the minimum consequence is provided at the end in bold lettering. All students will be treated fairly and with respect, however consequences will always be considered on an individual basis.

Fighting/Assault

The Board of Education directs staff to encourage students to learn to resolve differences without resorting to force. Students are urged to employ conflict resolution, peace-making, and other non-violent strategies at all levels of schooling. However, when students choose to ignore our teachings and resort to violence, the Board of Education is obligated to remove offenders in order to provide a safe environment for other students. Any person who commits a violent act on school grounds or during a school activity shall be subject to discipline and/or criminal charges under this policy as follows:

Assault – Any student who harms, injures, or recklessly strikes with intent to cause harm, or intends to harm or injure any person on school grounds or during a school activity shall be considered to have committed an assault. **3-5 days OSS**

(revised 7/25/19 a.d.)

Fighting - Any student who engages in a physical confrontation with another party on school grounds or during a school activity in which both parties harm, injure, or strike with the intent to harm another, but in which instance both parties have substantial culpability for the physical confrontation, shall be considered to have committed an act of fighting.

First Offense: Any student who commits an act of fighting shall be **suspended** from school for a **period of 2-3 school days**.

Second Offense: Any student who commits a second act of fighting shall be **suspended** from school for a **period of 3-5 days**.

Third Offense: Any student who commits a third act of fighting shall be **immediately suspended** from school and shall be brought to the Board of Ed. for an expulsion hearing.

Inappropriate Use of Physical Force - Any middle school student who engages in reckless pushing or shoving with another student, thereby posing a substantial danger to self and others, in which both parties have substantial culpability, but in which neither party harms nor intends to harm the other, shall have committed an act of inappropriate use of physical force.

First Offense: Any student who engages in an inappropriate use of physical force shall be **suspended** from school for a **period of not less than one (1) and not more than three (3) days**.

Second Offense: Any student who engages in a second instance of inappropriate use of physical force shall be **suspended** from school for a **period of three (3) days**.

Third Offense: Any student who engages in a third or more instances of inappropriate use of physical force shall be **suspended** from school for a **period of not less than four (4) and not more than ten (10) days**.

Self Defense - A student who employs physical force only as a last resort, only after having been struck by another party without immediate and clear provocation, who had good reason to believe he or she was in danger of serious physical harm, and who ceases to strike, or harm, or otherwise employ physical force at the first opportunity, shall be considered to have acted in self defense.

A student who is judged by the principal to have acted in self-defense under this strict definition of the term shall not be subject to punishment. A student who fails to meet any part of this definition shall be considered to have committed an act of fighting and shall be disciplined as stated above.

In order for a school administrator to render a decision of self-defense, it must be obvious that:

1. time was a factor in the incident
2. the person was in imminent danger of injury
3. the only option for the person was to physically protect himself/herself with the minimum amount of force appropriate to the situation until assistance could be obtained.
4. The individual attempted to get away from the aggressor.
5. The individual called for assistance from adults and/or students.
6. Witnesses, if any, verify that the individual made obvious efforts to remove him/herself from a potentially violent encounter.
7. It should be obvious to all that the individual reluctantly engaged in force as an act of self defense after steps 1-8 were attempted.

(revised 7/25/19 a.d.)

8. The individual stopped using physical force at the first opportunity.

Assault or Fighting By Party Other Than Student - Any person other than a student of the Stanhope School District who engages in an act of assault or fighting on school grounds or during a school activity shall be subject to criminal prosecution. The CSA of the school shall file charges of disorderly conduct and/or any other criminal offense committed by such a person.

Students Consuming or Under the Influence of any Substance

(revised 7/25/19 a.d.)

Whenever it shall appear to any teaching staff member, school nurse or other district personnel that a student may be under the influence of alcohol or other drugs, he/she shall report the matter as soon as possible to the building principal or his/her designee, to the substance awareness coordinator, and to either the school nurse or medical inspector.

School administrators, as mandated by the State Commissioner of Education, have no discretion in deciding when a student is to be examined if a teacher or other staff member suspects alcohol or other drug uses. Therefore, the Stanhope School District must order an immediate medical examination and drug and/or alcohol screening of any student suspected to be under the influence of alcohol or other drugs during the regular school day or at any time while on school property or at school sponsored activities. This examination shall be performed within one hour by a physician selected by the parent/guardian. If such a physician can not assure completion of such examination within one hour, the school shall make a referral to a designated medical examiner or the emergency room of the nearest hospital. An examination conducted, at parental request, by a physician other than the school medical inspector shall not be at district expense. Treatment will not be at Board expense.

A student, who undergoes an examination including alcohol and/or drug screening tests, may not return to school until the principal has received the physician's verification form provided by the district, which verifies that the student is physically and mentally able to return to school. If the exam results are positive, a suspension of up to 10 days may be assigned.

The student shall not resume attendance at the school until he/she submits to the principal a written report from a physician certifying that he/she is physically and mentally able to return, and a drug and alcohol screening has been conducted. The physician who conducted the initial examination shall prepare such report. If the physician's report states that the substance test has been tampered/altered, the student will be suspended for a minimum of five days out-of-school suspension.

In the event of a refusal or failure by a parent to comply with the above procedure in reference to the provision of N.J.S.A 18a:40a-12 shall be deemed a violation of the compulsory education (N.J.S.A. 18a:38-25 and 18a:38-31) and/or child neglect (N.J.S.A. 9:6-1) laws and shall be reported to the Division of Child Protection and Permanency (DCP&P).

At the conclusion of the suspension period, the student and parent(s)/guardian(s) will meet with the CSA and guidance counselor prior to being readmitted to school. At this meeting, the following will occur:

- the student will be placed on probation for the remainder of the school year. This probation will include close supervision by school authorities and will include exclusion for all school social and extra-curricular activities for a 30 calendar days;
- the Guidance Counselor will schedule the student for a minimum of five appointments;
- The student shall be interviewed by the counselor or other qualified health professional for the purpose of determining the extent of the pupil's involvement with the substances and possible need for treatment. If it is determined that the pupil's involvement with and use of these substances represents a danger to the pupil's health and well-being, the pupil shall be referred to an appropriate treatment program which has been approved by

(revised 7/25/19 a.d.)

the Commissioner of Health.-

- the student and parent(s)/guardian(s), when warranted, will be advised as to the appropriate community agencies through which they can receive assistance. The school's nurse will provide appropriate information upon request;
- in cases when the student may require treatment from outside agencies or placement in short-term residence programs, the counselor will contact the treatment agency to determine if it provides an educational program;
- if appropriate, in severe or repeated cases, the student will be referred to the Child Study Team for a complete evaluation.
- If a student is found to be under the influence of a substance for a second offense, a ten day out of school suspension will begin immediately; a one semester suspension of school activities, re-entry conference, and a minimum of five appointments with the substance awareness coordinator.

Subsequent offense(s) will be referred to the Superintendent for further action which may result in referral to the Board of Education to consider expulsion procedures.

Students Possessing, Selling, or Distributing Substances

When a reasonable suspicion exists that a student is selling or providing others with alcohol or drugs/substances or look-alikes on or within 1000 feet of school property, in a school building, or at any time when the student is accountable to the school for his/her conduct, that student shall be reported to an administrator. The administrator will investigate the report. If the student is found to be selling/has sold or distributed substances, the principal or designee will then:

- Inform the parent(s)/guardian(s) of the student.
- Inform the police.

The student shall be either released to the custody of the county prosecutor's law enforcement designee who will contact the parent(s)/guardian(s) or released to the custody of the parent(s)/guardian(s) if the designee so directs. Juvenile charges will be signed against the individual as determined by the memorandum of understanding and after consulting with the law enforcement designee. The student will be suspended from school for at least ten (10) school days and referral to the Superintendent which may lead to expulsion proceedings; suspension from all school related activities for the school year.

A referral form can be found on the district website, to report an alleged HIB .

In **Board Policy 5751, Sexual Harassment**, the Board of Education directs the Superintendent to maintain an academic environment that protects pupils from sexual harassment. Accordingly, the Board of Education shall not tolerate sexual harassment of pupils by staff members, other pupils or other individuals on school premises, school buses or at any school-sponsored activity. Quid pro quo sexual harassment occurs whether or not the pupil submits to the threatened harmful conduct.
2. Hostile environment sexual harassment occurs when unwelcome sexual advances, requests for sexual favors, or other verbal, nonverbal or physical conduct of a sexual nature by a staff member, other pupil(s) or other individual(s) that is sufficiently severe or pervasive to have reasonably resulted in a limitation of the pupil's ability to participate in or benefit from an educational program or activity. For purposes of this policy, any of the aforementioned conduct by a staff member directed toward a pupil shall be considered "unwelcome."

The following are examples of conduct that can constitute sexual harassment:

3. If the individual or complainant is not satisfied with the building administrative decision, a formal grievance may be filed with the Board of Education.
4. Filing a complaint or otherwise reporting sexual harassment will not reflect upon the individual's status, nor affect future grades or class assignment.
5. The complaint procedure shall be made available for pupils, parent/guardian, and/or staff member protesting alleged discriminatory or sexually or other harassing action. An immediate report of the allegation should be made to the Affirmative Action Officer or the CSA.
6. The Affirmative Action Officer will initiate a thorough investigation and will protect the rights of both the pupil or staff member making the complaint and the alleged harasser.
